

## Higher Tenacity Fabric & Improved Penetration of Urethane Elastomer Jason's Accu-Link® Adjustable V-Belts Are the Ideal Replacement Substitute for Conventional Rubber V-Belts.

Solve V-Belt Drive Problems Quickly, Accurately & Permanently

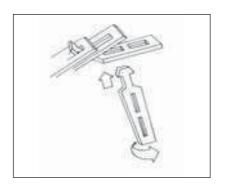

The ideal temporary replacement or permanent substitute for conventional rubber V-belts, Jason Industrial's Accu-Link® V-belts combine superior strength, durability and quick, easy assembly to keep equipment up and running at the same running horse power ratings as rubber belts.

Constructed of urethane elastomer reinforced with a rugged, woven polyester fabric. Accu-Link® V-belts are manufactured by a revolutionary new process which creates smooth, precise side profiles on each link. This smooth profile creates less vibration and requires lower drive tensions for increased belt life.

Designed to fit any drive application, Accu-Link® V-belts are available in the most popular sizes - A, B and C sections in both 25' and 100' lengths. Shorter sleeved lengths are also available. What's more, Accu-Link® V-belts maintain precise tension, so they deliver maximum power on multiple-belt drives.

- Durable urethane coating Precision machined sides for smooth engagement
- Rugged, woven polyester fabric for strength and longer belt life.
- Accu-Link® cross section Ideal for Diverse Operating Environments
- Accu-Link® V-belt urethane construction offers superior resistance to most common industrial solvents and chemicals, oil, water and temperature extremes, from 40° F to 240° F.
- Accu- Link® V-belts dissipate heat so they run cooler than conventional belts.

Installation Is a Snap Installation and assembly is as easy as a snap and a twist. No special tools are required to couple or uncouple each Accu-Link® V-belt. Belts can be made to accommodate any length, which makes them ideal for emergency repairs and replacements. Once assembled, Accu-Link® V-belts install in a fraction of the time needed for endless rubber belts. Accu-Link® V-belts install in minutes without removing outboard bearings or moving motors.

Suited to harsh environments, Accu- Link® V-belts are ideal for the metal processing, machine tool, agricultural, packaging, coal and aggregate, pulp and paper, lumber, marine, air moving, petrochemical, woodworking, conveying and food industries, HVAC.

## **Choose Accu-Link® For:**

- Durability
- Easy Assembly
- Fast Installation
- Maximum Horsepower
- Dependability
